SILVER CIRCLE SPORTS EVENTS

www.silvercirclesportsevents.com

Midwest BQ

Move the start line to Hamilton Drive. We could close Hamilton from Collage to W Newhall. A couple minutes before the start of the race, we could close Collage from Hamilton to Prairie and as soon as runners clear Collage, we could open it back up. The closure would take less than 5 minutes.

By moving the start line to Hamilton, it would give us enough room for the starting group to thin out. We would still finish on the trail west of the EB Shurts building.

The finish line would remain on the sidewalk just west of the EB Shurts building.

Please see maps.

I am also suggesting that we close Sentry Drive between Collage and Philip drive one hour before the event for pedestrian safety. The police department does a great job but with the volume of pedestrian traffic and the speed of vehicles in that area it has become dangerous. I also suggest that we consider either closing Sentry drive for duration of the event or cone off the parking lane on the north side of the road. Again, with the number of athletes standing around the finish line and the vehicle speed I have some concerns about safety.

* applicant notified me that police did not approve alternate route for start line. (map #2)
Route will remain as shown on map 1.
